Review of the “Green” at M press

To us, Green is not just placing a conservation logo on your printed piece. We believe it is just as important to provide a clean, green, environment for our employees and customers.

Environment / Conservation:

- ✧ High efficiency Heating and Cooling Systems
- ✧ High efficiency building design and construction
- ✧ Positive ventilation of equipment
- ✧ Using outside air
- ✧ High efficiency lighting
- ✧ Use of extensive natural light
- ✧ Window shades to reduce heat
- ✧ Participation in KCPL MPower Program
- ✧ Night time “turn down / turn off” utilities program
- ✧ Proper disposal of all materials

Recycling / Re-use:

- ✧ Recycle 100% of our waste paper from production
- ✧ Recycle office paper, plastic, and metal
- ✧ Recycle aluminum printing plates
- ✧ Re-use packaging materials
- ✧ Waste inks recycled
- ✧ Accept recycling from neighbors
- ✧ Shop towels are washed and re-used

Materials:

- ✧ Use of extremely low VOC chemicals
- ✧ All paper suppliers and mills are members of various conservation groups
- ✧ Most papers have recycled content
- ✧ Soy based process color inks
- ✧ General replacement of varnish with aqueous coatings
